

## CIMED Kickoff 2015

June 1-2 at Skepparholmen, Nacka

### MONDAY JUNE 1<sup>ST</sup>

09.00 Taxi (Värmdö Taxi) from T-centralen (by O'Learys, Vasagatan)

09.30 Arrival and coffee

10.00-10.30 **Bengt Westermark**, Chairman of the CIMED Board of Directors  
Opening words; CIMED background, vision & mission

#### Session 1 Chair: Christer Höög

10.30-11.00 **Sten Eirik W Jacobsen** (Dept. of Medicine Huddinge, MedH)  
*"Functional and molecular characterisation and therapeutic targeting of the disease-propagating stem cells in myelodysplastic syndromes"*

11.00-11.30 **Yenan Bryceson** (Dept. of Medicine Huddinge, MedH)  
*"Elucidating mechanisms of human lymphocyte cytotoxicity in health and disease"*

11.30-12.00 **Tim Willinger** (Dept. of Medicine Huddinge, MedH)  
*"Human Immune-Microbiota Crosstalk"*

12.00-13.30 Lunch  
as well as Group & Individual photos

#### Session 2 Chair: Magnus Nordenskjöld

13.30-14.00 **Emma R Andersson** (Dept. of Biosciences and Nutrition, BioNut)  
*"The cure is in the curse: Notch signaling control of development and malignancy"*

14.00-14.30 **Maria Kasper** (Dept. of Biosciences and Nutrition, BioNut)  
*"Stem Cell Dynamics In Skin – From Homeostasis To Cancer"*

14.30-15.00 **Karl Ekwall** (Dept. of Biosciences and Nutrition, BioNut)  
*"Basic research on Epigenetic Mechanisms and Cancer Epigenetics"*

15.00-15.30 Coffee

#### Session 3 Chair: Anna Karlsson

15.30-16.00 **Patrick Cramer** (Dept. of Biosciences and Nutrition, BioNut)  
*"Monitoring human genome transcription"*

16.00-16.30 **Jussi Taipale** (Dept. of Biosciences and Nutrition, BioNut)  
*"Growth Control and Cancer"*

16.30-17.00 **Peter Arner** (Dept. of Medicine Huddinge, MedH)  
*"Adipose Tissue Turnover – Mechanisms And Clinical Impact"*

17.00-18.00 **Bengt Westermark & Rune Toftgård**  
Discussions regarding CIMED as a centre (scientific environment, infrastructure, joint activities etc.)

18.00-19.00 Free discussions/ Sauna/ Spa

19.00 Dinner

## TUESDAY JUNE 2<sup>ND</sup>

07.00-08.30 Breakfast

### Session 4 Bengt Westermark

08.30-09.00 **Jan Johansson** (Dept. of Neurobiology, Care Sciences and Society, NVS)  
*"New Approaches to Understand and Treat Amyloid Diseases"*

09.00-09.30 **Miia Kivipelto** (Dept. of Neurobiology, Care Sciences and Society, NVS)  
*"Multimodal interventions in prodromal Alzheimer's disease: creating an innovative research platform (MIND-AD)"*

09.30-10.00 **Jan-Åke Gustafsson** (Dept. of Biosciences and Nutrition, BioNut)  
*"Targeting ERβ and LXRβ to treat neurodegenerative diseases and depressive disorders"*

10.00-10.30 **Stephen Strom** (Dept. of Laboratory Medicine, LABMED)  
*Stem Cell Therapy of Liver Disease*

10.30-11.00 Coffee

### Session 5 Chair: Catharina Larsson

11.00-11.30 **Katarina Le Blanc** (Dept. of Laboratory Medicine, LABMED)  
*"Experimental and clinical studies of interactions between mesenchymal stem cells and innate and adaptive immunity as treatment of immune mediated disorders"*

11.30-12.00 **Maria Eriksson** (Dept. of Biosciences and Nutrition, BioNut)  
*"Genetic variation in somatic tissue and its contribution to premature and healthy aging"*

12.00-12.30 **Luca Jovine** (Dept. of Biosciences and Nutrition, BioNut)  
*"Egg-sperm interaction at fertilization and Hedgehog (Hh) signaling"*

12.30-13.00 **Bengt Westermark**  
Summary and closing discussion

13.00- 14.00 Lunch

14.15 Departure  
Transportation will be provided to Novum for the ICMC Inauguration or to T-centralen according to pre-registration.
